RE: S. 338 – Support

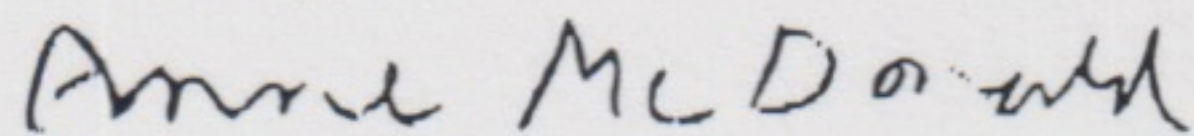

Dear Senator Feinstein:

Capay Valley Coalition is a community organization whose mission is to enhance and maintain agricultural viability, safety, and the quality of life for rural western Yolo County, CA.

We support S. 338 and urge the expansion of this rule to apply state-wide to all fee to trust applications.

Local communities need a “seat at the table” when decisions are made regarding tribal land use which impacts others off the reservation.

Sincerely,

Anne McDonald, President
Capay Valley Coalition
