APN: 110-090-19 & 20

The above-described real property is identified in San Diego County Records as APN: 110-090-19 and 110-090-20 and comprises 49.47 acres more or less, with a property

address being on Pala Temecula Road, in the community of Pala, County of San Diego California.

Subject property is located along the San Luis Rey River south of State Route 65, approximately seven miles east of Interstate 15 in north San Diego County. The Pala Reservation is located along the parcel's east boundary, which makes the property contiguous. The Pala Band of Luiseno Mission Indians of the Pala Reservation does not propose any change in land use.

Federal Law authorizes the Secretary of the Interior, or his authorized representative, to acquire title on behalf of the United States of America for the benefit of tribes when such acquisition is authorized by an Act of Congress and (1) when such lands are within the consolidation area; or (2) when the tribe already owns an interest in the land; or (3) when the Secretary determines that the land is necessary to facilitate tribal self-determination, economic development, or tribal housing. In this particular instance, the authorizing Act of Congress is the Indian Land Consolidation of 1983 (25 U.S.C. § 2202). The applicable regulations are set forth in the Code of Federal Regulations (CFR), Title 25, INDIANS, Part 151, as amended. This land acquisition falls within the land acquisition policy as set forth by the Secretary of the Interior.

On November 5, 2009 by certified mail, return receipt requested, we issued notice of and sought comments regarding the proposed fee-to-trust application from the California State Clearinghouse, Office of Planning and Research; Ms. Andrea Lynn Hoch, Legal Affairs Secretary, Office of the Governor; Deputy Attorney General, State of California; James Peterson, District Director, Office of the Honorable Senator Diane Feinstein; U.S. House of Representatives, 52nd District; San Diego County Assessor; San Diego County Treasurer and Tax Collector; County of San Diego, Board of Supervisors; San Diego County Sheriff's Department; Barona Group of Capitan Grande Band; Campo Band of Mission Indians; Ewiiapaayp Band of Kumeyaay Indians; Inaja-Cosmit Band of Mission Indians; Jamul Indian Village; La Jolla Band of Luiseno Indians; La Posta Band of Mission Indians; Los Coyotes Band of Cahuilla & Cupeno Indians; Manzanita Band of Mission Indians; Mesa Grande Band of Mission Indians; Pauma Band of Mission Indians; Rincon Band of Mission Indians; San Pasqual Band of Mission Indians; Santa Ysabel Band of Mission Indians; Sycuan Band; and the Viejas Band of Mission Indians.

In response to our notification, we received the following comments:

1. Letter dated December 14, 2009 from the California Department of Fish and Game stating its concerns which include:

- The potential to impact the habitat of the federally-endangered southern steelhead trout.
- Once the land is brought into trust and becomes part of the reservation, alterations to the creek by the tribe could occur and there would be no recourse to maintain or enhance passage for the steelhead.

By letter dated September 23, 2010, the Pala Band's response is as follows:

- The Department of Fish and Game is correct that the trust acquisition of the subject property will affect the State's ability to affect management decisions related to biological resources because state law will no longer apply on the property.
- The Endangered Species Act will continue to apply to the subject property after acquisition by the United States in trust, and the enforcement authority of the United States Fish and Wildlife Service, as well as other federal agencies.
- The acquisition will not preclude or hinder the Federal Government from successfully completing the recovery plan for the steelhead trout.

2. Letter dated January 5, 2010 from the California State Mining and Geology Board states:

- Loss of Aggregate Justification: As required pursuant to Public Resources Code Sections 2762 and 2763;
- The notice provides inadequate justification, since it fails to consider the importance of minerals to their market region, as a whole, and not just their importance of the lead agency's area of jurisdiction.

By letter dated September 23, 2010, the Pala Band's response is as follows:

- Public Resources code Sections 2762 and 2763 impose burdens on a "lead agency," as that term is defined by the California Surface Mining and Reclamation Act of 1975("Act"), when such agencies make decisions involving areas designated as being of "regional significance" under the Act. Neither the Tribe nor the United States constitutes a "lead agency" under the Act.
- The Tribe has no intention of developing or otherwise altering the subject property whether it is held in fee or held in trust.

3. Letter dated January 11, 2010 from the Office of the Governor states:

- The application does not demonstrate any present need for this trust acquisition;
- It is not apparent that any harm will accrue to the Band if the application is denied;
- The removal of State land use jurisdiction over this property containing valuable habitat for the federal endangered southern steelhead trout could have direct adverse impacts on environmentally sensitive state resources.

By letter dated September 23, 2010, the Pala Band's response is as follows:

- Neither the Indian Land Consolidation Act, 25 U.S.C. § 2201 et seq. ("ILCA") which authorizes the Secretary of the Interior to acquire land in trust for the Tribe nor the regulations governing the acquisition of lands by the United States in trust for Indians and tribes, which are set forth at 25 C.F.R. Part 151, require that the Tribe demonstrate an immediate need for acquisition of the subject property. Nor does either the statute or the regulations require that the subject property be used for development of tribal member housing or as a "buffer zone" to separate the Tribe's lands from non-tribal projects.
- The application clearly establishes a need for acquisition of the subject property in trust, which includes: (1) federal services to Indian tribes decrease, the need for tribal self sufficiency increases; (2) Tribal self-sufficiency is an important component of tribal self-determination, and tribal self-determination can only be exercised to its fullest extent upon lands over which the Tribe exercises jurisdiction.
- The Tribe does not plan to use the subject property for development.
- The Secretary may approve the Tribe's application where: (1) the property is located within or adjacent to the reservation boundary; (2) when the tribe already owns an interest in the land; (3) when the Secretary determines that the acquisition is necessary to facilitate tribal self-determination or economic development. The subject property meets the first two criteria because it is adjacent to the Reservation, and the Tribe already owns an interest in the property.
- The result of harm to the Tribe is irrelevant. ILCA or Part 151 does not suggest or state that the application should be denied if it will not result in harm to the Tribe.

Pursuant to 25 CFR 151.10, the following factors were considered in formulating our decision: (1) the need of the tribe for additional land; (2) the purposes for which the land will be used; (3) impact on the State and its political subdivisions resulting from the removal of the land from the tax rolls; (4) jurisdictional problems and potential conflicts of land use which may arise; (5) whether the Bureau of Indian Affairs is equipped to discharge the additional responsibilities resulting from the acquisition of land in trust status; (6) the extent to which the applicant has provided information that allows the Secretary to comply with 516 DM 6, appendix 4, National Environmental Policy Act Revised Implementing Procedures, and 602 DM 2, Land Acquisitions; Hazardous Substances Determinations. Accordingly, the following analysis of the application is provided.

Factor 1 - Need for Additional Land

An Executive Order of December 27, 1875 set aside land for this Reservation and Executive Orders of May 3, 1877 and July 24, 1882 restored portions to public domain. An Act of May 27, 1902 appropriated \$100,000.00 for purchase of land in Southern

California for Mission Indians (32 Stat. 257 c. 888). An Act of March 31, 1903 permitted use of part of the \$100,000.00 appropriated above for removing the Indians to the purchased land (32 Stat. 999 c. 994).

The Pala Reservation was issued a trust patent on February 10, 1893, for lands described as: The S1/2NE1/4 of Section 33; NW1/4NW1/4 and NE1/4NE1/4 of Section 34, Township 9 South, Range 2 West, San Bernardino Meridian, California, containing 160.00 acres. To date, the Pala Band has a total of 11,165 acres of tribal land with 1,138.05 acres of allotted land for a total of 12,303.05. The Pala Band of Mission Indians is a federally recognized Indian Tribe by the Secretary of the Interior and is organized under its "Articles of Association" that were adopted on August 15, 1959 and approved by the Assistant Secretary on November 6, 1960, as amended July 3, 1961, November 27, 1973, March 11, 1974 and October 2, 1980.

Of the 12,303.05 acres, more or less, a large portion is of a mountainous rocky terrain with elevations ranging from 330 feet to 550 feet above mean sea level, surrounded by foothills of the Palomar Mountain Range and within a major flood zone and terrace of the San Luis Rey River and its tributaries. Much land is owned in a pattern which leads to inefficient housing sites for tribal members, limits future economic development and self-determination of the Pala Band of Mission Indians. The subject property lies contiguous to the Tribe's reservation boundary.

The Band's ability to exercise governmental authority over the lands and it uses, and to protect it for future generations, will promote the health, welfare, and social needs of its members and their families. The Pala Band has sought to diversify its economy and land base so that it is not as heavily dependent on its gaming enterprise, which is not a guaranteed future source of revenue.

It is our determination that the Pala Band has established a need for additional lands to protect the environment and preserve the reservation.

Factor 2 - Proposed Land Use

The described property consists of three livable residential housing structures. A caretaker currently resides in one of the three residences. One structure located along the north entrance to the property is used as office space while the remaining two structures are leased out. A fourth structure is unlivable and is currently boarded up. Additionally, the property is supported by two active ground water wells, an open sided bale barn and tool-equipment storage structure, several fenced cattle grazing areas and horse stables. The Pala Band's goal is to manage natural resources to protect Tribal Sovereignty, self-determination, and to plan, implement and monitor viable ecosystem bases of all Tribal Resources. The Tribe proposes no change in land use or ground-disturbing activity as part of this request. For the foreseeable future, the Band intends to continue the existing use of the land.

Factor 3 – Impact on State and Local Government's Tax Base

Parcels accepted into federal trust status are exempt from taxation and would be removed from the County's taxing jurisdiction. In the 2009-2010 tax years, the total tax assessed on the subject parcels was \$34,746.58. During the comment period, none of the solicited agencies indicated that any adverse impacts would result from the removal of the subject parcel from the tax rolls. The Pala Band of Mission Indians and its seven business entities is one of the larger employers in northern San Diego County. As such, the Pala Band makes significant positive overall economic distribution in San Diego County

It is our determination that no significant impact will result from the removal of this property from the county tax rolls given the relatively small amount of tax revenue assessed on the subject parcel and the financial contributions provided to the local community by the Tribe through employment and purchases of goods and services.

Factor 4 - Jurisdictional Problems and Potential Conflicts of Land Use Which May Arise

The land presently is subject to the full civil/regulatory and criminal/prohibitory jurisdiction of the State of California and San Diego County. Once the land is accepted into trust and becomes part of the Reservation, the State of California will have the same territorial and adjudicatory jurisdiction over the land, persons and transactions on the land as the State has over other Indian counties within the State. Under 18 U.S.C. § 1162 and 28 U.S.C. § 1360 (P.L. 83-280), except as otherwise expressly provided in those statutes, the State of California would retain jurisdiction to enforce its criminal/prohibitory law against all persons and conduct occurring on the land. All emergency medical and fire protection services will continue to be provided by the Pala Tribal Fire Department, centrally located in the Pala Village.

Factor 5 - Whether the Bureau of Indian Affairs is equipped to discharge the additional responsibilities resulting from the acquisition of the land in trust status

Acceptance of the acquired land into Federal trust status should not impose any additional responsibilities or burdens on the BIA beyond those already inherent in the Federal trusteeship over the existing Pala Reservation. This acquisition anticipates no change in land use; and therefore, any additional responsibilities resulting from this transaction will be minimal.

Factor 6 – The extent to which the applicant has provided information that allows the Secretary to comply with 516 DM 1-7, National Environmental Policy Act Revised Implementing Procedures, and 602 DM 2, Land Acquisitions: Hazardous Substances Determination

In accordance with Interior Department Policy (602 DM 2), we are charged with the responsibility of conducting a site assessment for the purposes of determining the potential of, and extent of liability from hazardous substances or other environmental

remediation or injury. The record includes a negative Phase 1 "Contaminant Survey Checklist" dated April 2, 2010, reflecting that there were no hazardous materials or contaminants.

National Environmental Policy Act Compliance

An additional requirement that has to be met when considering land acquisition proposals is the impact upon the human environment pursuant to the criteria of the National Environmental Policy Act of 1969 (NEPA). The BIA's guidelines for NEPA compliance are set forth in the Bureau of Indian Affairs Manual (59 IAM). The proposed action herein has been determined not to require the preparation of either an Environmental Assessment (EA) or an Environmental Impact Statement (EIS). A Categorical Exclusion requires a qualifying action in this case, 516 DM 10.5I, Land Conveyance and Other Transfers, where no immediate change in land use is planned. A Categorical Exclusion for the acquisition for the subject property was approved by this Agency on July 5, 2007, and compliance with NEPA has been completed.

Conclusion

Based on the foregoing, we at this time issue notice of our intent to accept the subject real property into trust. The subject acquisition will vest title in the United States of America in trust for the Pala Band of Luiseno Mission Indians of the Pala Reservation in accordance with the Indian Land Consolidation Act of January 12, 1983, as amended by the Act of October 10, 1983, (25 U.S.C. §2202).

§ 4.310

state specifically and concisely the grounds upon which it is based.

(b) *Notice; burden of proof.* The OHA deciding official will, upon receipt of a demand for hearing, set a time and place therefor and must mail notice thereof to all parties in interest not less than 30 days in advance; provided, however, that such date must be set after the expiration of the 60-day period fixed for the filing of the demand for hearing as provided in § 4.305(a). At the hearing, each party challenging the tribe's claim to purchase the interests in question or the valuation of the interests as set forth in the valuation report will have the burden of proving his or her position.

(c) *Decision after hearing; appeal.* Upon conclusion of the hearing, the OHA deciding official will issue a decision which determines all of the issues including, but not limited to, a judgment establishing the fair market value of the interests purchased by the tribe, including any adjustment thereof made necessary by the surviving spouse's decision to reserve a life estate in one-half of the interests. The decision must specify the right of appeal to the Board of Indian Appeals within 60 days from the date of the decision in accordance with §§ 4.310 through 4.323. The OHA deciding official must lodge the complete record relating to the demand for hearing with the title plant as provided in § 4.236(b), furnish a duplicate record thereof to the Superintendent, and mail a notice of such action together with a copy of the decision to each party in interest.

§ 4.306 Time for payment.

A tribe must pay the full fair market value of the interests purchased, as set forth in the valuation report or as determined after hearing in accordance with § 4.305, whichever is applicable, within 2 years from the date of decedent's death or within 1 year from the date of notice of purchase, whichever comes later.

§ 4.307 Title.

Upon payment by the tribe of the interests purchased, the Superintendent must issue a certificate to the OHA deciding official that this has been done and file therewith such documents in

support thereof as the OHA deciding official may require. The OHA deciding official will then issue an order that the United States holds title to such interests in trust for the tribe, lodge the complete record, including the decision, with the title plant as provided in § 4.236(b), furnish a duplicate record thereof to the Superintendent, and mail a notice of such action together with a copy of the decision to each party in interest.

§ 4.308 Disposition of income.

During the pendency of the probate and up to the date of transfer of title to the United States in trust for the tribe in accordance with § 4.307, all income received or accrued from the land interests purchased by the tribe will be credited to the estate.

GENERAL RULES APPLICABLE TO PROCEEDINGS ON APPEAL BEFORE THE INTERIOR BOARD OF INDIAN APPEALS

SOURCE: 66 FR 67656, Dec. 31, 2001, unless otherwise noted.

§ 4.310 Documents.

(a) *Filing.* The effective date for filing a notice of appeal or other document with the Board during the course of an appeal is the date of mailing or the date of personal delivery, except that a motion for the Board to assume jurisdiction over an appeal under 25 CFR 2.20(e) will be effective the date it is received by the Board.

(b) *Service.* Notices of appeal and pleadings must be served on all parties in interest in any proceeding before the Interior Board of Indian Appeals by the party filing the notice or pleading with the Board. Service must be accomplished upon personal delivery or mailing. Where a party is represented in an appeal by an attorney or other representative authorized under 43 CFR 1.3, service of any document on the attorney or representative is service on the party. Where a party is represented by more than one attorney, service on any one attorney is sufficient. The certificate of service on an attorney or

representative must include the name of the party whom the attorney or representative represents and indicate that service was made on the attorney or representative.

(c) *Computation of time for filing and service.* Except as otherwise provided by law, in computing any period of time prescribed for filing and serving a document, the day upon which the decision or document to be appealed or answered was served or the day of any other event after which a designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Saturday, Sunday, Federal legal holiday, or other nonbusiness day, in which event the period runs until the end of the next day which is not a Saturday, Sunday, Federal legal holiday, or other nonbusiness day. When the time prescribed or allowed is 7 days or less, intermediate Saturdays, Sundays, Federal legal holidays, and other nonbusiness days are excluded in the computation.

(d) *Extensions of time.* (1) The time for filing or serving any document except a notice of appeal may be extended by the Board.

(2) A request to the Board for an extension of time must be filed within the time originally allowed for filing.

(3) For good cause the Board may grant an extension of time on its own initiative.

(e) *Retention of documents.* All documents received in evidence at a hearing or submitted for the record in any proceeding before the Board will be retained with the official record of the proceeding. The Board, in its discretion, may permit the withdrawal of original documents while a case is pending or after a decision becomes final upon conditions as required by the Board.

§ 4.311 Briefs on appeal.

(a) The appellant may file an opening brief within 30 days after receipt of the notice of docketing. Appellant must serve copies of the opening brief upon all interested parties or counsel and file a certificate with the Board showing service upon the named parties. Opposing parties or counsel will have 30 days from receipt of appellant's brief

to file answer briefs, copies of which must be served upon the appellant or counsel and all other parties in interest. A certificate showing service of the answer brief upon all parties or counsel must be attached to the answer filed with the Board.

(b) Appellant may reply to an answering brief within 15 days from its receipt. A certificate showing service of the reply brief upon all parties or counsel must be attached to the reply filed with the Board. Except by special permission of the Board, no other briefs will be allowed on appeal.

(c) The BIA is considered an interested party in any proceeding before the Board. The Board may request that the BIA submit a brief in any case before the Board.

(d) An original only of each document should be filed with the Board. Documents should not be bound along the side.

(e) The Board may also specify a date on or before which a brief is due. Unless expedited briefing has been granted, such date may not be less than the appropriate period of time established in this section.

§ 4.312 Decisions.

Decisions of the Board will be made in writing and will set forth findings of fact and conclusions of law. The decision may adopt, modify, reverse or set aside any proposed finding, conclusion, or order of a BIA official or an OHA deciding official. Distribution of decisions must be made by the Board to all parties concerned. Unless otherwise stated in the decision, rulings by the Board are final for the Department and must be given immediate effect.

§ 4.313 Amicus Curiae; intervention; joinder motions.

(a) Any interested person or Indian tribe desiring to intervene or to join other parties or to appear as amicus curiae or to obtain an order in an appeal before the Board must apply in writing to the Board stating the grounds for the action sought. Permission to intervene, to join parties, to appear, or for other relief, may be granted for purposes and subject to limitations established by the Board. This section will be liberally construed.

(b) Motions to intervene, to appear as amicus curiae, to join additional parties, or to obtain an order in an appeal pending before the Board must be served in the same manner as appeal briefs.

§ 4.314 Exhaustion of administrative remedies.

(a) No decision of an OHA deciding official or a BIA official, which at the time of its rendition is subject to appeal to the Board, will be considered final so as to constitute agency action subject to judicial review under 5 U.S.C. 704, unless made effective pending decision on appeal by order of the Board.

(b) No further appeal will lie within the Department from a decision of the Board.

(c) The filing of a petition for reconsideration is not required to exhaust administrative remedies.

§ 4.315 Reconsideration.

(a) Reconsideration of a decision of the Board will be granted only in extraordinary circumstances. Any party to the decision may petition for reconsideration. The petition must be filed with the Board within 30 days from the date of the decision and must contain a detailed statement of the reasons why reconsideration should be granted.

(b) A party may file only one petition for reconsideration.

(c) The filing of a petition will not stay the effect of any decision or order and will not affect the finality of any decision or order for purposes of judicial review, unless so ordered by the Board.

§ 4.316 Remands from courts.

Whenever any matter is remanded from any federal court to the Board for further proceedings, the Board will either remand the matter to an OHA deciding official or to the BIA, or to the extent the court's directive and time limitations will permit, the parties will be allowed an opportunity to submit to the Board a report recommending procedures for it to follow to comply with the court's order. The Board will enter special orders governing matters on remand.

§ 4.317 Standards of conduct.

(a) *Inquiries about cases.* All inquiries with respect to any matter pending before the Board must be made to the Chief Administrative Judge of the Board or the administrative judge assigned the matter.

(b) *Disqualification.* An administrative judge may withdraw from a case in accordance with standards found in the recognized canons of judicial ethics if the judge deems such action appropriate. If, prior to a decision of the Board, a party files an affidavit of personal bias or disqualification with substantiating facts, and the administrative judge concerned does not withdraw, the Director of the Office of Hearings and Appeals will determine the matter of disqualification.

§ 4.318 Scope of review.

An appeal will be limited to those issues which were before the OHA deciding official upon the petition for rehearing, reopening, or regarding tribal purchase of interests, or before the BIA official on review. However, except as specifically limited in this part or in title 25 of the Code of Federal Regulations, the Board will not be limited in its scope of review and may exercise the inherent authority of the Secretary to correct a manifest injustice or error where appropriate.
