Mr. L. A. Dorrington,  
Supt. Sacramento Agency.

JUN 15 1928

My dear Mr. Dorrington:

By letter of April 6, 1928, and card dated May 7, 1928, you were requested to advise the Office of the present status of the proposed purchase of certain land from Louis Alpers for landless California Indians, but no response has been received.

We would like to know whether request has been made for a quitclaim deed from the purchasers of the minerals in the land, and whether there are any indications of such deed being executed in the near future.

Kindly advise the Office at once of the present status of the case.

Very truly yours,

Assistant Commissioner.
