Mr. Oscar H. Lipps,
Supt. Sacramento Agency.

Dear Mr. Lipps:

*49751-26
Sacramento 308.2*

In your letter of September 5 to Mr. Frank Bell, Ione, California, a carbon of which you sent us, you mentioned a tract of 370 acres, located near Jackson, which you say was purchased for homesites for Indians several years ago, etc.

We are unable to locate the records concerning this tract, but from your description it seems to be well worth consideration. Will you please let us have a description of this tract and also references to the correspondence relative to its purchase, so that we may locate the record in this Office?

Sincerely yours,

(Signed) John Coillier
Commissioner.
