To all interested Agencies, Groups and Persons:

This combined notice is intended to satisfy two separate procedural requirements:
1) 24 CFR 58.42 Notice Requirements for a finding of No Significant Impact, and
2) 24 CFR 58.70, Notice of Intent to Request Release of funds.
The public is advised to specify which notice their comments address, so that the Chukchansi Indian Housing Authority (CIHA) may properly take into account the comments received.

On or about April 1, 1998 CIHA will request the U.S. Department of Housing and Urban Development to release Federal funds under the proposed Native American Housing Assistance & Self-Determination Act of 1996 (NAHASDA) to be used for the placement of a modular CIHA administration office building. A 60' x 120' modular unit for office space located at T8S, R21E in the NW 1/4 of the NW 1/4 of the NE 1/4 of Sec. 29 in Coarsegold, California in Madera County. Estimated cost of project is \$350,000.00.

It has been determined that this action will not constitute an action significantly affecting the quality of the human environment and accordingly CIHA has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (P.L. 91-190).

The reasons for such decision not to prepare such statement are as follows: Earlier Environmental Assessment conducted in same area sufficient to cover current proposed project.

An Environmental Review Record respecting this project has been made by CIHA which documents the environmental review of the project and more fully sets forth the reasons why such statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying upon request, at 35686 Highway 41, Coarsegold, California between the hours of 8:00 am and 5:00pm.

No further federal environmental review of such project is proposed to be conducted, prior to the request for release of Federal funds.

CIHA is certifying to HUD that Gilbert Cordero in his official capacity as the certifying officer, consents to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, CIHA and HUD will have satisfied their responsibilities under the National Environmental Policy Act of 1969 and the project may proceed. HUD will accept an objection to its approval of this undertaking certification if it is on one of the following bases:

(a) That the certification was not in fact executed by the certifying officer; (b) that CIHA has omitted one or more steps in preparing the environmental assessment; has failed to make a finding of environmental significance; has failed to give the Advisory Council on Historic Preservation an opportunity to comment on the undertaking's effect on historic properties; or (c) other basis established by HUD regulations.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by CIHA. Such written comments should be received at 35686 Highway 41, Coarsegold, California, on or before April 1, 1998. All such comments so received will be considered and CIHA will not request the release of Federal funds or take any administrative action on the project prior to the date specified in the preceding sentence.

Objections may also be prepared and submitted in accordance with the required procedures (24 CFR 58, Subpart J) and may be addressed to HUD, Southwest Office of Native American Programs, Two Arizona Center, Suite 1650, 400 N. 5th Street, Phoenix, AZ 85004.

Objections to this undertaking on any bases other than those stated above will not be considered by HUD.

No objections received after April 16, 1998 will be considered.
