Re: Water Wheel Camp Recreation Area, Inc.

Gentlemen:

Pursuant to the requirements of the lease, I enclose herewith for your review the tentative proposed plot plan of the developments for the Water Wheel Camp. Assuming that to make application with the Riverside County Planning Department will not interfere with any plans that the agency has or create problems for you, this plan must be approved by them before we may consider it to be the plan of development required under the provisions of the lease.

We ask that this be reviewed and that your letter approving it be directed to us so that we may take the next step of submitting it to the Riverside County planning authorities for their approval.

Because of the time delays that may be incidental to gaining approval, we ask that you take immediate action and give us your approval of the plan and that we be informed, if possible, by return mail.

Very truly yours,

WATER WHEEL CAMP RECREATION  
AREA, INC.
