PROJECT TITLE:
Fire Mountain Casino Music Venue Project

COMMENT PERIOD: March 10, 2021 to April 26, 2021

A. NOTICE OF COMPLETION

Notice is hereby given that pursuant to the Secretarial Procedures for the Estom Yumeka Maidu Tribe of the Enterprise Rancheria (Procedures), the Estom Yumeka Maidu Tribe of the Enterprise Rancheria (Tribe) has prepared a Draft Tribal Environmental Impact Report (TEIR) for a proposed expansion of the Tribe's existing Hard Rock Hotel and Casino Sacramento at Fire Mountain (Resort), which is situated on land that is held in federal trust for the Tribe. The Proposed Project would expand the Resort to include an indoor live music venue, back-of-house warehouse and office space, and the other components described in this Notice and analyzed in detail in the TEIR.

The Draft TEIR includes the analysis of potentially significant direct and indirect off-reservation environmental impacts attributable to the Proposed Project, and mitigation measures to address such impacts as required by the Procedures. As the Lead Agency, the Tribe will use the TEIR when considering approval of the Proposed Project.

The Draft TEIR is available for review online at: www.enterpriseteir.com. Hard copies are also available for review at the following locations:

marked by April 26, 2021 will be reviewed and considered by the Tribe. A project description and location map for the Proposed Project are included in the following pages of this Notice. A copy of this Notice is available online at www.enterpriseteir.com.

C. INFORMATION REGARDING PROPOSED PROJECT

PROJECT TITLE
Fire Mountain Casino Music Venue Project

LOCATION
The Proposed Project would be located at the same property as the existing Resort, which is held in federal trust for the Tribe. The Resort is located in the southern area of Yuba County, southeast of Marysville/Olivehurst at 3317 Forty Mile Road, Wheatland, CA 95692 (Project Site). **Figure 1** attached to this Notice shows the location of the Proposed Project.

Regional access to the Project Site is provided by California State Route 65 and California State Route 70, which connect Interstate 5, CA State Route 99, and Interstate 80 to the vicinity. The Project Site is accessible via existing driveways on Forty Mile Road.

PROJECT DESCRIPTION
The Resort opened in October of 2019 and was the subject of an exhaustive Environmental Impact Statement (EIS) approved by federal agencies in 2011. The Resort currently includes approximately 1,600 gaming devices, table games, five dining locations, a 170-room hotel, other entertainment amenities, and associated parking.

The Proposed Project includes the construction of an approximately 75,000 square feet (sf) indoor live music amphitheater and the expansion of the Resort's back of house space (BOH) by up to approximately 20,000 sf, for a total of up to 95,000 sf of new building space at the northeast (back) side of the existing Resort building. The proposed live music amphitheater (live music venue) will be used for entertainment on a regular basis and not just for special events. The new BOH area would be used for expanded offices, warehouse facilities, and to house the Tribal Gaming Agency offices which are currently located in a modular unit on the Project Site.

The Proposed Project would be built on existing paved areas. The height of the new facilities would be generally consistent with or similar to the height of the existing Resort buildings, and the Proposed Project would feature the same architectural style as the existing buildings.

Water supply and wastewater treatment for the Proposed Project would be provided by the Tribe's existing on-site systems.
