Securities registered pursuant to Section 12(b) of the Act:

*The Federated Indians of Graton Rancheria*

We have entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the "FIGR") a federally recognized Native American tribe. Pursuant to those agreements we will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected us to assist it in designing, developing and financing the project and, upon opening we will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and we will receive a management fee equal to 22% of the facility's net income. We will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

Sonoma County, California. The proposed site of the project is bordered by Stony Point Road, Wilfred Avenue and Rohnert Park Expressway, approximately one-half mile from Highway 101 and approximately 43 miles from downtown San Francisco. In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the United States Department of the Interior ("DOI") accepting the land into trust on behalf of the FIGR and approval of the Management Agreement by the National Indian Gaming Commission ("NIGC"). Prior to obtaining third-party financing, we will contribute significant financial support to the project. As of December 31, 2004, we had advanced approximately \$22.4 million toward the development of this project, primarily to perform due diligence and secure real estate for the FIGR project, which is included in other assets, net on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the FIGR's gaming revenues. In addition, we have agreed to pay approximately \$11.3 million of payments upon achieving certain milestones, which will not be reimbursed. As of December 31, 2004, approximately \$2.0 million of these payments had been made and were expensed in development expense as incurred. The timing of this type of project is difficult to predict and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when or if these approvals will be obtained.

entertainment such as movie theaters, additional restaurants, retail shops and various other entertainment venues.

We continually evaluate the timing and scope of our master-planned developments at each of our properties and may determine from time to time to expand the scope of, improve on or suspend the implementation of our master plans. These decisions are dependent upon the availability of financing, competition and future economic and gaming regulatory environments, many of which are beyond our control.

### ***Development and Acquisition Opportunities***

We have acquired several parcels of land in the Las Vegas valley, northern California and Reno, Nevada, which can be used for new casino development or other associated development. In addition, we have agreements to acquire additional parcels of land in the Las Vegas valley and Reno, Nevada. We also evaluate other development and acquisition opportunities in current and emerging gaming markets, including land-based, dockside, riverboat and Native American gaming. Our decision whether to proceed with any new gaming development or acquisition opportunity is dependent upon future economic and regulatory factors, the availability of financing and competitive and strategic considerations, many of which are beyond our control.

In December 2005, we entered into an agreement with the Greenspun Corporation to develop Aliante Station, a hotel and casino in the Aliante master-planned community located in North Las Vegas, Nevada. We are developing and will manage the facility, to be located on a gaming-entitled 40-acre site on the northeast corner of Interstate 215 and Aliante Parkway, which was contributed by the Greenspun Corporation for their 50% ownership in the joint venture. We will receive a management fee equal to 2% of the property's revenues and approximately 5% of EBITDA. The first phase of Aliante Station is expected to include 201 hotel rooms, approximately 2,600 slot machines, multiple full-service restaurants and a multi-screen movie theater complex. Construction on Aliante Station began in February 2007 and is expected to be completed by the end of 2008 at a cost of approximately \$675 million. Pursuant to the terms of the agreement, in January 2006, we contributed a 54-acre site located on Losee Road in North Las Vegas, Nevada, as well as approximately \$2.2 million, for our 50% ownership in the joint venture.

In December 2006, we entered into an amended and restated operating agreement with FBLV Holding Company LLC ("*FBLV*"). Pursuant to the amended and restated operating agreement, the parties contributed approximately 52 acres (with approximately 20 acres contributed by us for our 50% ownership and approximately 32 acres contributed by FBLV for their 50% ownership) of improved and unimproved real property located along Rancho Road south of Palace Station in Las Vegas, Nevada into a joint venture. It is anticipated that the joint venture will develop, construct and manage, pursuant to a master development plan, a mixed-use residential, retail and entertainment project on all or a portion of such property. The timing, cost and scope of the project have yet to be determined.

### ***Native American Development***

#### ***The Federated Indians of Graton Rancheria***

We have entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the "*FIGR*"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected us to assist them in designing, developing and financing their project and, upon opening; we will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and we will receive a management fee equal to 24% of the facility's net income. We will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. In August 2005, we purchased 270 acres of land just west of the Rohnert Park city limits in Sonoma County, California. In March 2006, we purchased an additional 4.7 acres adjacent to the previously acquired property. The property purchased is approximately one-quarter mile from Highway 101 and approximately 43 miles from downtown San Francisco. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the United States Department of the Interior ("*DOI*") accepting a portion of the land into trust on behalf of the FIGR and approval of the Management Agreement by the NIGC. Prior to obtaining third-party financing, we will contribute significant financial support to the project. As of December 31, 2007, we have advanced approximately \$140.3 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the FIGR's gaming revenues. In addition, we have agreed to pay approximately \$11.3 million upon achieving certain milestones, which will not be reimbursed. As of December 31, 2007, approximately \$2.0 million of these payments had been made and were expensed in development expense as incurred. The timing of this type of project is difficult to predict and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when or if these approvals will be obtained.

#### *Gun Lake Tribe*

On November 13, 2003, we agreed to purchase a 50% interest in MPM Enterprises, LLC, a Michigan limited liability company ("*MPM*"). Concurrently with our agreement to purchase that interest, MPM and the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians, a federally recognized Native American tribe commonly referred to as the Gun Lake Tribe ("*Gun Lake*"), entered into amended Development and Management Agreements, pursuant to which MPM agreed to assist Gun Lake in developing and operating a gaming and entertainment project to be located in Allegan County, Michigan. On July 29, 2005, MPM and Gun Lake entered into amended and restated Development and Management Agreements. We have agreed to pay \$6.0 million for our 50% interest in MPM, which is payable upon achieving certain milestones and is not reimbursable. As of December 31, 2007, approximately \$2.0 million of these payments had been made and were expensed in development expense as incurred. An additional \$12.0 million in total may be paid by us in years six and seven of the amended and restated Management Agreement, subject to certain contingencies. Under the terms of the amended and restated Development Agreement, we have agreed to arrange financing for the ongoing development costs and construction of the project. As of December 31, 2007, we have advanced approximately \$38.3 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from Gun Lake's gaming revenues. The amended and restated Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 30% of the project's net income to be paid to MPM. Pursuant to the terms of the MPM Operating Agreement, our portion of the management fee is 50% of the first \$24 million of management fees earned, 83% of the next \$24 million of management fees and 93% of any management fees in excess of \$48 million.

The proposed project will be located on approximately 146 acres on Highway 131 near 129th Avenue, approximately 25 miles north of Kalamazoo, Michigan. As currently contemplated, the project will include up to 2,500 slot machines, 75 table games, a buffet and specialty restaurants. Construction of the project includes the conversion of an existing 192,000 square-foot building into the casino and entertainment facility. Development of the gaming and entertainment project and operation of Class III gaming is subject to certain governmental and regulatory approvals, including, but not limited to, the signing of a gaming compact by the Governor of the State of Michigan, the DOI taking the land into trust on behalf of Gun Lake and approval of the Management Agreement by the NIGC.
