Mr. O.H. Lipps,
Superintendent of Indian Affairs,
California Fruite Building,
4th & J Streets,
Sacramento, California.

Dear Mr. Lipps:

On my return to the office this morning, I get your letter of November 13th, advising us you have agreed to our taking over that property and working it, keeping it in repair and upkeep of the fences, for the sake of what we may get off it in the way of hay.

I expect to go into that tomorrow, and see what can be done.

We appreciate very much this consideration. It will help us with some of our problems here.

Sometime, when you are in this community again, we will be delighted to have you visit the Home, meet the boys, and gather some idea of the character of work we carry on here.

With every good wish, believe me

Yours sincerely,

W.G. WHITE
BRIGADIER
SUPERINTENDENT
