The subject property, located approximately 500 yards from the western boundary of the Pechanga Indian Reservation, consists of 358.80 acres, more or less, and is bisected by Interstate 15. The Pu'eska property is sacrosanct and is considered by the tribe as the "Creation place for all Luiseno people". The tribe purchased the property in 2012 to protect it from desecration and destruction after fighting a proposed mine at Pu'eska Mountain. The Pechanga Band is dedicated to the preservation of the Pu'eska property as an area of historic, cultural and spiritual significance. There is no proposed change in use or development. Placing the property into federal trust will enhance the tribe's ability to exercise tribal sovereignty and self-determination.

Federal Law authorizes the Secretary of the Interior, or his authorized representative, to acquire title on behalf of the United States of America for the benefit of tribes when such acquisition is authorized by an Act of Congress and (1) when such lands are within the consolidation area; or (2) when the tribe already owns an interest in the land; or (3) when the Secretary determines that the land is necessary to facilitate tribal self-determination, economic development, or tribal housing. In this particular instance, the authorizing Act of Congress is the Indian Land Consolidation of 1983 (25 U.S.C. § 2202). The applicable regulations are set forth in the Code

of Federal Regulations (CFR), Title 25, INDIANS, Part 151, as amended. This land acquisition falls within the land acquisition policy as set forth by the Secretary of the Interior.

The Pechanga Reservation was originally established on June 27, 1882 by Executive Order.

Pursuant to 25 U.S.C. § 478, the Secretary held such an election for the tribe on December 15, 1934, at which the majority of the tribe's voters voted to reject the provisions of the Indian Reorganization Act of June 18, 1934. See *Ten Years of Tribal Government Under I.R.A.*, United States Services, 1947, at Interior's website at <http://www.doi.gov/library/internet/subject/upload/Haas-TenYears.pdf>. The Secretary's act of calling and holding this election for the Tribe informs us that the Tribe was deemed to be "under Federal jurisdiction" in 1934. The Haas List tribes are considered to be under federal jurisdiction in 1934, *See, Shawano County, Wisconsin v. Acting Midwest Regional Director, BIA, 53 IBIA 62 (February 28, 2011) and Stand Up for California, et al. v. U.S. Department of Interior v. North Fork Rancheria of Mono Indians, 919 F. Supp. 2d 51 (January 29, 2013), the District Court for District of Columbia.*

On March 16, 2015 by certified mail, return receipt requested, we issued notice of and sought comments regarding the proposed fee-to-trust application from the California State Clearinghouse, Office of Planning and Research; Mr. Joe Dhillon, Senior Advisor for Tribal Negotiations, Office of the Governor; Sara Drake, Deputy Attorney General, State of California; Office of the Honorable Senator Diane Feinstein; Riverside County Board of Supervisors; Riverside County Office of the Treasurer-Tax Collector; Riverside County Planning Department; Riverside County Tax Assessor; San Diego County Assessor; San Diego County Treasurer and Tax Collector; San Diego County Board of Supervisors; San Diego County Sheriff's Department; San Diego County Planning and Development Services; San Diego County Land Use and Environment Group; Mayor, City of Temecula; Mayor, City of Murietta; Capitan Grande Band of Diegueno Mission Indians of California (Barona Group of Capitan Grande Band of Mission Indians of the Barona Reservation, California); Campo Band of Mission Indians; Ewiiapaayp Band of Kumeyaay Indians; Inaja-Cosmit Band of Mission Indians; Jamul Indian Village; La Jolla Band of Luiseno Indians; La Posta Band of Mission Indians; Los Coyotes Band of Cahuilla & Cupeno Indians; Manzanita Band of Mission Indians; Mesa Grande Band of Mission Indians; Pala Band of Luiseno Mission Indians; Rincon Band of Mission Indians; Santa Ysabel Band of Mission Indians; Sycuan Band; San Pasqual Band of Mission Indians; Viejas Band of Mission Indians and the Superintendent, Southern California Agency.

In response to our notification, we received the following comments:

- 1. Letter dated April 13, 2015 from the County of San Diego, Assessor/Recorder/County Clerk providing information on the assessed value and property tax information on the subject property.**
- 2. Letter dated May 27, 2015 from the City of Temecula stating that the City fully supports the Pechanga Band of Luiseno Indians application to place the Pu'eska Property into federal trust status.**

3. Letter dated May 4, 2015 from the Tribal Alliance of Sovereign Indian Nations (TASIN) stating that they support the Pechanga Band of Luiseno Indians application to place 356 acres into trust.

Pursuant to 25 CFR 151.10, the following factors were considered in formulating our decision: (1) the need of the tribe for additional land; (2) the purposes for which the land will be used; (3) impact on the State and its political subdivisions resulting from the removal of the land from the tax rolls; (4) jurisdictional problems and potential conflicts of land use which may arise; (5) whether the Bureau of Indian Affairs is equipped to discharge the additional responsibilities resulting from the acquisition of land in trust status; (6) the extent to which the applicant has provided information that allows the Secretary to comply with 516 DM 6, appendix 4, National Environmental Policy Act Revised Implementing Procedures, and 602 DM 2, Land Acquisitions; Hazardous Substances Determinations. Accordingly, the following analysis of the application is provided.

Factor 1 - Need for Additional Land

As stated above, the tribe purchased the subject property in 2012 to protect it from desecration and destruction after fighting a proposed mine at Pu'eska Mountain. In this case, the tribe used its resources to acquire the Pu'eska property to prevent it from being destroyed and developed as a granite quarry. The Pu'eska property is one of the tribe's most significant sacred sites and its transfer to federal trust status will protect the traditional and culturally-sensitive land for present and future generations. By bringing the land parcels into federal trust status the Pu'eska property will be afforded an additional level of protection that would not be available if the land were to remain in fee status.

It is our determination that the Pechanga Band of Luiseño Mission Indians has established a need for additional land, for the purposes of exercising governmental jurisdiction and assuring the long-term protection of the Luiseño people's natural and cultural resources, thus further enhancing tribal self-determination.

Factor 2 - Proposed Land Use

The purpose of this acquisition is to preserve one of the tribe's most significant, sacred and spiritual sites. The tribe has no planned change in use or development. The Pu'eska property will be better protected by placing acquired fee land into federal trust status.

Factor 3 - Impact on State and Local Government's Tax Base

Parcels accepted into federal trust status are exempt from taxation and would be removed from the County's taxing jurisdiction. In the 2012-2013 tax years, the total tax assessed on the subject parcels in Riverside County was \$25,676.44 and in San Diego County the total tax was \$276.92. In comparison, for fiscal year 2012-2013, the County of Riverside generated Two Billion dollars (\$2B) in property taxes and San Diego County's generated \$4,571,199,196 in tax revenue.

It is our determination that no significant impact will result from the removal of this property from Riverside County and San Diego County tax rolls.

Factor 4 - Jurisdictional Problems and Potential Conflicts of Land Use Which May Arise

The Tribe does not anticipate that any significant jurisdictional conflicts will occur as a result of transfer of the Pu'eska property into trust because the tribe's intended purposes of environmental and cultural preservation are not inconsistent with the surrounding area. Therefore, the Counties will not have the impact of dealing with incompatible uses.

The land presently is subject to the full civil/regulatory and criminal/prohibitory jurisdiction of the State of California and Riverside and San Diego Counties. Once the land is accepted into trust and becomes part of the Pechanga Reservation, because of P.L. 280, under 18 U.S.C. § 1162 (criminal) and 28 U.S.C. § 1360 (civil), the State of California would have the same territorial and adjudicatory jurisdiction over it and over individuals and transactions that occur on it as the State now has over similar individuals and transactions in other areas of the Pechanga Reservation.

Under P.L. 280, except as otherwise provided, the State of California exercises concurrent jurisdiction with the tribe to enforce criminal laws against all individuals on the Pu'eska property and state criminal prosecutions committed by anyone on the property would continue to be brought in California courts. Thus, there will be no adverse jurisdictional impacts by placing this property into trust.

In addition, the tribe has consistently been cooperative with the State and County by working with local government and service providers. Although the tribe has its own fire department, the tribe also has mutual aid agreements with the Riverside County Fire Department.

Factor 5 - Whether the Bureau of Indian Affairs is equipped to discharge the additional responsibilities resulting from the acquisition of the land in trust status

Acceptance of the acquired land into Federal trust status should not impose any additional responsibilities or burdens on the BIA beyond those already inherent in the Federal trusteeship over the existing Pechanga Reservation. The Tribe will ensure that all essential services – security, fire protection, education, natural resource protections, etc. – are provided to the property using existing federal allocations and/or profits from the Tribe's economic enterprises. This acquisition anticipates no change in land use; and therefore, any additional responsibilities resulting from this transaction will be minimal.

Factor 6 – The extent to which the applicant has provided information that allows the Secretary to comply with 516 DM 1-7, National Environmental Policy Act Revised Implementing Procedures, and 602 DM 2, Land Acquisitions: Hazardous Substances Determination

In accordance with Interior Department Policy (602 DM 2), we are charged with the responsibility of conducting a site assessment for the purposes of determining the potential of, and extent of liability from hazardous substances or other environmental remediation or injury.

The record includes a negative Phase 1 "Contaminant Survey Checklist" dated September 25, 2014, reflecting that there were no hazardous materials or contaminants.

National Environmental Policy Act Compliance

An additional requirement that has to be met when considering land acquisition proposals is the impact upon the human environment pursuant to the criteria of the National Environmental Policy Act of 1969 (NEPA). The BIA's guidelines for NEPA compliance are set forth in the Bureau of Indian Affairs Manual (59 IAM). The proposed action herein has been determined not to require the preparation of either an Environmental Assessment (EA) or an Environmental Impact Statement (EIS). A Categorical Exclusion requires a qualifying action in this case, 516 DM 10.5I, Land Conveyance and Other Transfers, where no immediate change in land use is planned. A Categorical Exclusion for the acquisition for the subject property was approved by this Agency on January 21, 2015, and compliance with NEPA has been completed.

Conclusion

Based on the foregoing, we at this time issue notice of our intent to accept the subject real property into trust. The subject acquisition will vest title in the United States of America in trust for the Pechanga Band of Luiseno Mission Indians of the Pechanga Reservation, California in accordance with the Indian Land Consolidation Act of January 12, 1983, (25 U.S.C. §2202).
