Revocation of Termination Proclamation  
and Restoration of Federal Status

On March 22, 1977, a Final Declaratory Judgment and Decree was issued in *Mabel Duncan, et al. v. Andrus, et al.*, Nos. C-71-1572 and C-71-1713 by the United States District Court for the Northern District of California. The district court revoked the termination of Robinson Rancheria under the California Rancheria Termination Act, as amended (72 Stat. 519; 78 Stat. 390), because of failure to meet conditions precedent to such termination as provided by Section 3(c) of the Act, namely, the Secretary's failure to undertake certain action with respect to the Rancheria's water systems before conveying the land in fee to the Indians.

Notice is hereby given, pursuant to the order in the above case, that the Robinson termination proclamation (30 FR 11330) is revoked and that all distributees and dependent members of their immediate families named in that proclamation, as set forth below, are un-terminated, retain their status as Indians under federal law, and are eligible for services and benefits provided by the United States to Indians because of their status as Indians. Furthermore, all statutes of the United States which apply to Indians because of their special status as Indians shall hereafter be applicable to the Indians of the Robinson Rancheria.

Detailed implementing procedures with regard to the return of land to trust status for individual Indians of the Rancheria and for the community properties held by the trustees of the Robinson Pomo Association will be published by the Department in the FEDERAL REGISTER, will be posted in two conspicuous places on the Rancheria and in a newspaper of general circulation within Lake County, and will be sent to each individual named in this notice.
