RE: Off-Reservation Impact Mitigation

Dear Mr. Costa:

After our conversation I took your proposal to council and presented your case. After a lengthy deliberation, the Tribal Council decided not to do any off Reservation impact mitigation that was not addressed in the Environmental Evaluation.

You must understand that we are on a tight budget and we understand your concerns and we will do everything in our power to direct traffic south down Singley Road. This is not to say that we will not consider impact mitigation in the future.

If you should have any other questions or concerns please direct them to John McGinnis
707-733-1900

Sincerely,

Leonard Bowman
Tribal Chairman
